

HUGS

Hardship Utility Grant Scheme

Having trouble paying your electricity, gas or water bills?

At risk of being disconnected?

You may be able to get help from the Hardship Utility Grant Scheme (HUGS).

What is HUGS?

It is a State Government scheme that provides financial assistance to people experiencing financial hardship to avoid disconnection from their electricity, gas or water supply.

How can I apply?

Individuals should contact their utility provider to discuss their situation. The utility provider makes a referral to a financial counselling service for an assessment and HUGS application to be completed.

The Water Corporation, Synergy, Alinta Energy and Horizon Power can recommend an applicant for a normal HUGS grant in certain circumstances.

Visit a financial counselling service to apply for HUGS, or call the Financial Counsellors' Association of Western Australia FREE Helpline number 1800 007 007. Financial counsellors can assist with information and options to manage your household finances.
