

NON GOVERNMENT POLICY AND FUNDING SUMMARY OF SERVICES REPORT

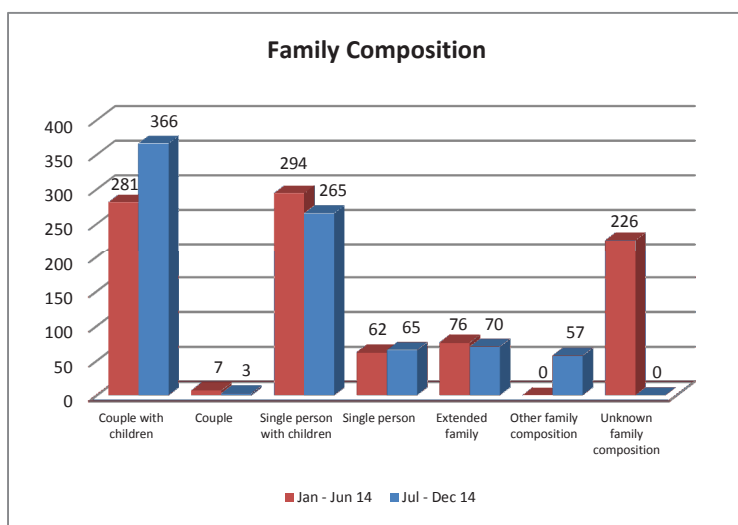

Youth Counselling (State) – July to December 2014

Youth Counselling services provide a short term counselling / mediation service for young people at risk between the ages of 12 to 18 years and their families. The services work with young people and their families to resolve parent / adolescent conflict, providing early intervention strategies to prevent risk escalating and divert young people away from high risk situations that may impact on their safety. The services also assist young people to improve relationships and remain connected with family, peers, school and their community. These services are located one each in the Armadale, Cannington, Midland, Mirrabooka and Rockingham districts, and two services located in the Metrowide district.
